 Nothing major planned. Seats basically gone, to be replaced with
 some that adjust a bit. May also replace the old fuse box with a
 more modern one, especially since I haven't found a source for
 the old ceramic fuses. Otherwise I plan on refurbishing it to as
 original a state as possible, consistent with safety in particular.
 Modern tires are better, so are SS brake lines. BTW my father
 bought the 4th Saab sold in America -- the second car from the
 second dealer, Clyde Billing, then in the tiny town of Washington,
 ME.

 This car is my 2nd Saab purchased in 1977. We have owned 10
 (or more) and we had 4 at one time, but switched to BMW when
 GM bought Saab. After 8 yrs in my son's garage we had the
 car's mechanics redone, engine rebuilt, brakes, etc, and a
 beautiful clear-coated red paint job. Since VSCNA has no grille
 badge the car sports one from BMWCCA.
