 1966 Gray Saab Monte Carlo  
 Came from Westport CT & was sitting under a sappy tree for a  
 couple of years when I found it in "Bargain News" with a  
 blown engine. Body cleaned up beautifully but that hole in  
 the piston was a big problem. Although I already had a  
 Saab/VW mechanic neither of us knew how hard getting parts  
 was for this engine. Eventually we got parts and with the  
 services of a machine shop got this engine to run & run  
 strong. I topped 100mph & my Morris Minors couldn't do

 Nothing major planned. Seats basically gone, to be  
 replaced with some that adjust a bit. May also replace the  
 old fuse box with a more modern one, especially since I  
 haven't found a source for the old ceramic fuses. Otherwise  
 I plan on refurbishing it to as original a state as possible,  
 consistent with safety in particular. Modern tires are better, so  
 are SS brake lines. BTW my father bought the 4th Saab sold  
 in America -- the second car from the second dealer, Clyde

 This car is my 2nd Saab purchased in 1977. We have owned  
 10 (or more) and we had 4 at one time, but switched to  
 BMW when GM bought Saab. After 8 yrs in my son's garage  
 we had the car's mechanics redone, engine rebuilt, brakes,  
 etc, and a beautiful clear-coated red paint job. Since  
 VSCNA has no grille badge the car sports one from BMWCCA.
