

**How to use the Registry**

Domestic members are sorted by zip code. International members are sorted by country alphabetically and then postal code.

Find your own listing by your zip code, the lowest are at the beginning the highest at the end. Most other members near you will be before or after your own listing. To find another member by name, use the name / zip code cross reference at the end. Or use the Find feature of your PDF Reader by typing <CTRL-F> and entering the character string.

Was Swedish domestic imported into US on 2000. Previous owner added second radiator, perhaps during rebuild and Skanix exhaust. Brakes rebuilt by White Post.

Nothing major planned. Seats basically gone, to be replaced with some that adjust a bit. May also replace the old fuse box with a more modern one, especially since I have not found a source for the old ceramic fuses. Otherwise I plan on refurbishing it to as original a state as possible, consistent with safety in particular. Modern tires are better, so are SS brake lines. BTW my father bought the 4th Saab sold in America -- the second car from the second dealer, Clyde Billing, then in the tiny town of Washington, ME.

This car is my 2nd Saab purchased in 1977. We have owned 10 (or more) and we had 4 at one time, but switched to BMW when GM bought Saab. After 8 yrs in my son's garage we had the car's mechanics redone, engine rebuilt, brakes, etc, and a beautiful clear-coated red paint job. Since VSCNA has no grille badge the car sports one from BMWCCA.
