Speedometer erratic or doesn't work? Odometer doesn't work?

LET ME REBUILD YOUR SPEEDOMETER!

I'll take it apart and inspect it. I'll replace the bad odo gear and any tired or broken parts, clean, lube and adjust the gears before reassembly.

Just send it to me along with **\$125.⁰⁰** plus \$15 S/H USA check or m.o. made out to Jack Ashcraft...*sorry, no credit cards.*

Extra costs: Add \$25 for new glass replacement with hole for odo reset shaft
\$15 for new glass with no hole

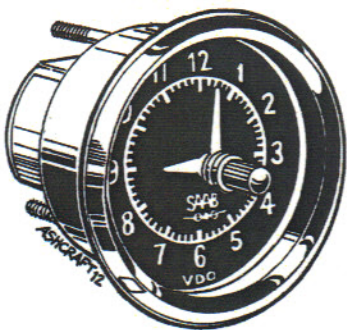

\$59.⁰⁰ plus \$8 S/H

RECONDITIONED SPEEDO CABLE!

The inner cable breaks because it gets kinked or gummed up or the speedo head stops turning. **SEND ME YOUR OLD CABLE.** You'll get a new heavy duty inner cable & modern outer sheath with nylon insert.

For all saabs thru 1969 with screw on connectors on both ends
