For comparable cross over brake parts...			
http://www.victoriabritish.com/ICATALOG/SM/full.aspx?Page=107			
We've all stated the DRUMS for our beloved V4's are UNOBTANIUM, but what about item #2? Bolt pattern is different yes, but tha			
But most certainly stuff like:			
the shoes, lever, adjuster wedge bolt, wedge tappets, springs? These all look like very similar parts!			
Moss Motors:

Guess "someone" will have to be the guinea pig and "buy" them to check compatibility.			
Here looks like a nice "replacement" for the early Sonett III CHROME BULLET MIRRORS?!!!!?? (Bruce says "Yup, and cheaper th

<p>Might this be the correct rear drum spring kit also? (Bruce says "looks right to me")</p> <p>http://www.bpnorthwest.com/.sc/ms/bdd/ee/9826/Brake%20Shoe%20Spring%20Kit%20MGB</p>			
<p>I know SKANDIX has a lot of nice stuff too!</p> <p>here's the comparison picture:</p> <p>https://ssl.kundenserver.de/www.skandix-usa.com/ess/utn;jsessionid=1549abf0c7e147e/shopdata/0020_SAAB+Parts/0030_Brake</p>			
<p>Dan Morley was kind enough to send in the following information and web links. They are worth a look.</p>			
<p>Wheel Cylinder</p> <p>The wheel cylinders are 3/4" bore (stock is 5/8 bore) which can be used on all Sonett's, 96 and 95. Slight upgrade in performance of the rear brakes. Backing plate needs a new hole as the roll pin is on other side of the bleeder as compared to the 5/8 bore cylinders. The price is unbelievably low.</p> <p>http://www.bpnorthwest.com/.sc/ms/dd/ee/7433/Wheel%20Cylinder%20Midget%201275%2063-74</p>			
<p>Emergency brake lever Boot</p> <p>You know you need them.</p> <p>http://www.bpnorthwest.com/.sc/ms/dd/ee/10058/Emergency%20Brake%20Boot</p>			
<p>Brake Light Switch</p> <p>Fits Sonett's and earlier 96s and 95s. This switch seals on the end of the threads.</p> <p>http://www.bpnorthwest.com/.sc/ms/dd/ee/8011/Brake%20Light%20Switch%203%5E2F8%20UNF%20x24%20tpi</p>
